

Real example: how I filled the EFT and ERA enrollment forms

Eric Richers, LPC, CADAC III · CUTI LLC, Eugene, Oregon · solo telehealth counseling practice

Recreated from my own filing, redacted. Bracketed values are placeholders. Get the current blank form from your clearinghouse (Availity, for most Oregon commercial plans) and the payment vendor a payer names (PaySpan and Bridgeway, for Trillium) at <https://www.availity.com/>.

What to notice

Two forms, one purpose: getting paid by deposit instead of paper check, and getting the remittance (the ERA, the electronic version of the explanation of payment) into the EHR so claims post themselves. The Availity one, dated 07/30/2025, covered the plans that use Availity; Trillium routed me through its own vendor.

Both forms want a voided check or a bank letter, and both want the bank numbers typed in as well. This is the one piece of paperwork where a typo moves money to the wrong place, so I checked the routing number against the check twice and attached the check anyway.

The trading partner field is the clearinghouse's own name for the payer enrollment; copy it from the clearinghouse's instructions rather than inventing one.
